ADMIN

C.E.O

1) MAIN AZIZ KHAN ROAD

- Asphalt Premix Carpeting work of Main. Aziz khan Road 100% has completed
- Main. Aziz khan Road 1.28km 72ft width 100% has completed (including, i.e., cutting filling, Sub Base, Base Course,
- Street Light Pool has completed
- Land scaping and other flowering plant has completed
- Kerb stone work has completed
- Kerb Stone painting work has completed
- M. Bridge (Size 38'x72'x32') has completed
- Culvert Block – B,C (Size 12'x72'x10') has completed
- Culvert Block – D,E(Size 10'x72'x8') has completed
- Foot Path Drain has completed
- Road Marking has completed.

2) Block A

EARTH WORK

- Cutting/Leveling of over Area has completed
- Internal Street No: 1. 40ft width has completed up to (D.S.T)
- Street No. 2. 40ft width 100% has completed up to (D.S.T)
- Street No.3. 40ft width has completed up to (D.S.T)
- Street No. 4. 40ft width has completed up to (D.S.T)
- Street No. 5. 35ft width 100% has completed up to (Base Course)
- Street No 6. 35ft width has completed up to (Base Course)
- Street No. 7 35ft width has completed up to Sub Base,)
- Street No. 7A 35ft width has completed up to Sub Base,)
- Street No. 7B 35ft width has completed up to Sub Base,)
- Street No. 9. 35ft width has completed up to Base Course)
- Street No. 10. 35ft width has completed up to (Base Course and D.S.T 50 %)
- Street No. 11. 35ft width has completed up to (Base Course and 50 % D.S.T)
- Street No. 12. 35ft width has completed up to (Base Course)
- Street No. 13. 35ft width has completed up to (Base Course)
- Street No. 14. 35ft width has completed up to (Sub Base,)

- Street No. 16. 40ft width has completed up to (Sub Base,)
- Street No. 17 40ft width 100% has completed up to (Sub Base, 50 % Base Course)
- Street No. 18. 35 ft. width 100 % has completed up to(Base Course)
- Street No. 19. 35ft. width 100% has completed up to (Base Course)
- Street No 20. 35ft. width 100 % has completed up to (Base Course)
- Street No. 21. 35ft. width 100 % has completed up to (Base Course)
- Street No. Bank Road 35ft width has completed (Sub Base, 50% Base Course and 50 % DST)
- Street No. 22 35ft. width has completed up to (Base Course)
- Street No. 23 35ft. width has completed up to (Base Course)
- Street No. 24 35ft. width has completed up to (Base Course)
- Street No. 23A 35ft. width has completed up to (Sub Grade)
- Street No. 24A 35ft. width has completed up to (Sub Grade)
- Street No. 19A 35ft. width has completed up to (Sub Grade)
- Street No. 20A 35ft. width has completed up to (Sub Grade)
- Drainage system Street No.2 1350 ft. Length 4'x12' x 5' ft. has completed
- Drainage system Street No.100 ft. Length 3'x 3' x 2' ft. has completed
- Sewerage system has completed
- R/Wall Size 1000'x 4.5+15/2 x 30' has completed
- Kerb Stone work Street No. 1,2,3,4,10,11,12,Bank Road has completed
- Kerb Stone painting Street no.1,2,3,4,10,11,12, Bank Road work has completed
- RCC Culvert Street No. 3,9,10,11,12,13,Size (8 X 28 ft.) 7Nos has completed

Note: Possession Hand Over

3) Block B

EARTH WORK

- Cutting/Leveling of over Area has completed.
- Road earth work has completed
- Road Sub Base work has completed
- Road Base course work has completed
- Sewerage System has completed
- Road Site Kerb Stone work has completed
- Over Head Water Tank (100000 gallons has completed
- Tub Well work 500 ft. depth has completed
- DST work has completed
- Road Side Drain work has completed

Note: Extension Area work has under progress

- Cutting/Leveling of over Area has completed
- Road earth work has completed
- RRM R/Wall 120' length work has completed.
- RRM Rain Water Drain 716' length has completed.

Note: Possession Hand Over

3) Block C

EARTH WORK

- Cutting/Leveling of over Area work under progress
- Internal Street No: 1. 40ft width has completed up to (Sub Base)
- Lane No.01. 40ft width has completed up to (Sub Base)
- Lane No. 02, 40ft width has completed up to (Sub Base)
- Lane No. 03. 40ft width has completed up to (Sub Base)
- Street No: 4, 35ft width has completed up to (Sub Base)
- Street No: 5, 35ft width has completed up to (Sub Base)
- Street No: 6, 35ft width has completed up to (Sub Base)
- Street No: 12, 35ft width has completed up to (Sub Base)
- Street No: 13, 35ft width has completed up to (Sub Base)
- remaining work under progress

4) Block D

EARTH WORK

- Cutting/Leveling of over Area has completed
- Road earth work has completed
- Road Sub Base work has completed
- Road Base course work has completed
- Sewerage System has completed
- Road Site Kerb Stone work has completed
- Road Side Drain work has completed
- Over Head Water 40000 gallons has completed
- Tube well has completed
- 6 Kanal park has completed
- DST work has completed

Note: Possession Hand Over

5) Block E

EARTH WORK

- Cutting/Leveling of over Area up to 90% work has completed
- Lane No: 1, 2.40ft width has completed up to (Sub Base)
- Lane No: 2.40ft width has completed up to (Sub Base)
- Street No: 3. 40ft width has completed up to (Sub Base)
- Street no:4, 35ft width has complete up to Sub Base)
- Street no:5, 35ft width has complete up to Sub Base)
- Street no:6, 35ft width has complete up to Sub Base)
- Street no:8, 35ft width has complete up to Sub Base)
- Street no:10, 35ft width has complete up to Sub Base)
- Street no:11, 40ft width has complete up to Sub Base)
- Street no:12, 35ft width has complete up to Sub Base)
- Street no:13, 35ft width has complete up to Sub Base)
- Street no:14, 35ft width has complete up to Sub Base)
- Street no:15, 35ft width has complete up to Sub Base)
- Street no:16, 35ft width has complete up to Sub Base)
- Street no:17, 35 width has complete up to Sub Base)
- Street no:18, 35 width has complete up to Sub Base)
- Street no:19, 35 width has complete up to Sub Base)
- Street no:20, 35 width has complete up to Sub Base)

- Street no:21, 35 width has complete up to Sub Base)
- Street no:22, 35 width has complete up to Sub Base)
- Street no:23, 35 width has complete up to Sub Base)
- Stone work Drainage system 2400ft length and 4' x 4'x4.5' ft. Has completed
- Remaining work under progress

6) Block F

EARTH WORK

- Cutting/Leveling of over Area under progress
- Sir Syed Road 72 ft. width has completed (including i.e., cutting filling, sub Base, base course and kerb stone)
- Lane no: 1, 40 ft. Width has completed (including i.e., cutting filling, sub Base)
- Lane no: 2 .40 ft. Width has completed (including i.e., cutting filling, sub Base)
- Street no:7 (0.37 km 40 ft. Width has completed(including i.e., cutting filling, sub Base)
- Street no:11 earth work Under progress
- Street no:12 earth work under progress
- Street no:13 earth work under progress
- Street no:14 earth work under progress
- Street no:15 earth work under progress

7) SEWERAGE SYSTEM

- SEWERAGE SYSTEM BLOCK –A = COPMPLETED
- SEWERAGE SYSTEM BLOCK –D = COPMPLETED
- SEWERAGE SYSTEM BLOCK –B = COMPLETED

8) WATER SUPPLY SYSTEM

- WATER SUPPLY SYSTEM BLOCK –A = COPMPLETED
- WATER SUPPLY SYSTEM BLOCK –B, D = under progress.

9) M.GATE

- M. Entrance gate has completed
- Site office building has completed

10) STONE WATER DRAINAGE SYSTEM

- Stone work Drainage system 1250ft length and 30 x 36 ft. has completed
- Stone work Drainage system 1200ft length and 4' x 9'x4.5' ft. Has completed
- Drainage system Street No.2 1350 ft. Length 4'x12' x 5' ft. has completed
- Drainage system Street No.100 ft. Length 3'x 3' x 2' ft. has completed

11) ELECTRIFICATION WORK

- Fixing/Installation HT overhead Line 11kv from **(Block – A to Block – F)** completed.
- Fixing/Installation Internal HT overhead Line has completed.
- Construction of Plinth for Distribution Transformer 13 No's has completed.
- Fixing/Installation of 200 KV Transformer Pad Mounted 12 No's has completed
- Fixing/Installation of 100 KV Transformer Pad Mounted 12 No's has completed
- Excavation of LT Line (CABLE) underground internal streets has completed.
- Lying/Installation of LT Line (CABLE) underground Block – A 100 % has completed
- Construction/Fixing of RCC Base for Lt Distribution box 198 no's has completed
- Installation/Fixing of Distribution Box 198 no's has completed
- Construction of road crossing for LT Underground 210 Mtr has completed
- Construction of Gate crossing for LT underground 640 Mtr has completed

12) GAS LINE WORK

- Fixing/Installation 4'' dia pipe of SUI GAS LINE Aziz khan road has completed.
- Fixing/Installation 2'' dia pipe street no. 3,4,16 bank road (BLOCK – A) has completed.
- Fixing/Installation 2'' dia pipe street no. 2,lane no.2,34, (BLOCK – B) has completed.
- Fixing/Installation 2'' dia pipe street no. 2,6lane no.1,2 (BLOCK – D) has completed.
- Fixing/Installation 4'' dia pipe sir syed road has completed.

13) OVER HEAD WATER TANK

- Overhead water tank 100000 gallons (Block – B) has completed
- Overhead water tank 40000 gallons (Block – D) has completed.

14) MODAL HOUSE

- (35 X 65) 10 Marla Modal House Block – D has completed.
- (35 X 65) 10 Marla Modal House Block – A has completed.
- (25 X 50) 5 Marla Modal House Block – A has completed.

15) STREET LIGHT

- Fixing of Street Light work internal Street Block – A has completed.

16) PARK

- 6 Kanal park Block – D has completed.
- 4 Kanal park Block – A has completed.

17) COMMERCIAL PLAZA

- Commercial Plaza 80 x 60 structure work complete up to 4th floor

- Brik work of basement , Ground 1st floor,2nd floor has complete
